

PRODUCT DATA SHEET

KZN TRACTOR OIL SUPER 15W-40 (CF-4/SF)

MULTIPURPOSE TRACTOR UNIVERSAL OIL

Description

KZN STOU is blended with refined type base oils including multifunctional additives which is suitable for the universal performance and for extended periods. The product has been developed for the agricultural market and offers the customer/farmer complete protection for all agricultural equipments, stationary plants ,tractors and harvesters .Also used in naturally aspirated and turbo charged engines, gear boxes, axles, wetbrakes, final reduction gears and hydraulic systems.

Advantages

- Complete Protection For all Agricultural equipment.
- Using single oil, avoiding the risk of misapplication.
- Superb load carrying abilities and antiwear capabilities.
- Protects against rust and foaming.

Applications

KZN STOU has been approved for use in John Deere Tractors, having fulfilled all JDM J27A standards .The product allows the customer to use single oil with confidence, avoiding the risk of misapplication. Superb load carrying ability, anti-wear capabilities and shear stability for transmissions and final drives. Excellent rust characteristics

Quality Levels

KZN STOU SAE 15W-40 Multigrade oil meets the following requirements.:

API CF-4/SF/SE, MIL-L-2104D, CCMC D2/D4, MB 227.1, MAN 271; API GL-4/GL5, Allison C-4, Caterpillar TO-2

John Deere J20A, J20C/JDM J 27; Ford M2C 86A and 134C

Massey Ferguson M1135, M1139, M1127

Case -IH MS 1207

Ford M2C-152B

ZF TE-ML 06, 07, 12

Sperry Vickers I-286-S

Typical Characteristics

SAE Viscosity Grade	15W/40
Viscosity @ 40C	105 cst
Viscosity @ 100C	14.0 cst
Kinematic Viscosity Index	135
Density @ 20C	0.8860kg/l
Pour Point	-30deg.C
Flash Point	>206
Appearance	Bright and Clear
